[Reliable Energy] [Efficient Delivery]  
**WORKING TOGETHER**

What happens when you combine the Powder River Basin coal with BNSF Railway and America's coal producers?

You get cleaner burning coal for energy with the most efficient, reliable delivery around. Together, we're working to keep America's lights on. Now that's a powerful combination.

**BNSF**  
RAILWAY

# HILLIARD BRAKE SYSTEMS FOR MINING

**Built in America... Made for the World**  
[HilliardBrakeSystems.com](http://HilliardBrakeSystems.com)

Boral Material Technologies and Headwaters Resources have combined to form Boral Resources

# America's largest fly ash marketer... ...and a whole lot more

**Boral Resources is the only fly ash marketer  
with operations coast to coast.**

Boral Resources also brings decades of  
experience to a wide array of Coal Combustion  
Products opportunities.

- Synthetic gypsum processing and management  
*formerly SYNMAT – Synthetic Materials*
- Circulating Fluidized Bed ash management and marketing  
*formerly LA Ash*
- Comprehensive plant services capabilities from landfill  
construction and operations to equipment maintenance  
and limestone handling
- Innovative solutions for ash quality management, such as  
RestoreAir® and PACT® treatment technologies

[www.flyash.com](http://www.flyash.com)

Synthetic gypsum, a coal combustion product, is used in **producing wallboard and in agricultural applications** including improving soil conditions.

## ACC MEMBERSHIP HAS ITS BENEFITS!

ACC represents the coal industry from the hole-in-the-ground to the plug-in-the-wall. Our more than 150 member companies include coal suppliers, coal consumers, coal transportation companies, coal traders and coal support service firms operating throughout North America. No other association in our industry represents as diverse a membership base.

### WHY JOIN ACC

As a member of ACC you'll benefit from premier educational programming, broad-based, high-level networking, energy advocacy, policy input and enhanced industry visibility. Along with a suite of ACC events and publications, you'll also see the benefits of frequent member communications and business referrals. Additionally, ACC programs, committee memberships and activities provide opportunities for members to advance their professional skills, keep current on emerging trends and industry developments, gain experience and make new contacts.

### AMERICAN COAL COUNCIL

#### INDUSTRY-WIDE INFORMATION RESOURCES:

ACC provides comprehensive perspective on coal supply, demand, environmental, regulatory, financial, and public policy issues, helping our member companies throughout the coal supply chain achieve success.

#### BALANCED PERSPECTIVE ON CRITICAL INDUSTRY ISSUES:

A non-adversarial approach to business relationships, recognizing that today's business climate requires increasing cooperation to achieve beneficial results.

#### ADVOCACY

ACC advocates for coal - in the halls of Congress, the media, industry forums, regulatory arenas, and among community

leaders and the public - as an economic, abundant/secure and environmentally sound fuel choice.

#### BREADTH AND DEPTH:

ACC conferences, publications and information resources are designed to advance the many and varied business activities of its member companies.

#### EQUAL FOOTING:

All members of ACC are fully vested in the association. All sectors of the coal supply, transportation, consumer, trading, and support services industries are equal members with full participation and voting rights.

For more information on joining the American Coal Council, visit [www.americancoalcouncil.org](http://www.americancoalcouncil.org) or e-mail [info@americancoalcouncil.org](mailto:info@americancoalcouncil.org)!

Fly ash, a coal combustion product, is used to **make concrete stronger** and more durable.

# TOUGH, RELIABLE AND ECONOMICAL.

The Jeep<sup>®</sup> J8 combines everything you need in  
one rugged, serviceable package.

**The Jeep<sup>®</sup> J8 meets  
underground mining  
requirements, cuts downtime  
and improves the bottom line.**

- ❖ Powered by a MSHA-approved VM Motor 2.8L Turbo Diesel
- ❖ Base J8 chassis available in either two-or four-door configurations
- ❖ Flatbed or pickup style vehicles are available with customizable wheelbases based on customer specifications
- ❖ The only underground utility vehicle manufactured and supported by a major international company, Jeep<sup>®</sup>!

**Visit online or call today to find  
out more about the Jeep<sup>®</sup> J8.**

120 South Main St, Richfield, UT 84701
