American Coal - Editorial Focus

American Coal magazine, the ACC's flagship bi-annual print publication, looks into the key issues affecting the American coal industry. American Coal provides information about current energy and environmental policy issues, international and domestic market forecasts and reports, shipping and transportation updates and education features, as well as a regular focus on key regulatory initiatives. We source our articles from industry and government experts, Congressional representatives and other elected officials, researchers and academics, consulting firms, energy-focused think tanks and relevant media.

Print Circulation: 7,500 Readership: 24,000+
Also available in digital format for desktop, tablet and smartphone!

ACC Wall Calendar

The ACC Wall Calendar is an incredibly effective marketing tool designed to strategically draw interest and deliver high-impact visibility for your company, its products/services/equipment and contact details.

Each of the featured 13 companies sponsors a calendar month of their choice (subject to availability) and receives the top portion full page color with the artwork/advertisement of choice. This creates a full month of exclusive focus directly on your company and your company only!

A calendar month sponsorship is available on a first come first served basis.
